

Sifal Secondary School

MINI-REPORT ON STUDENTS' COMMUNICATION TO PARENTS FROM SCHOOL | 2076

Background

Sifal School encourages its students to maintain effective communication with their parents about any school-related matter, and become self-aware and independent. The aim this report is to briefly analyze the students' communication to parents during school hours which, to some extent, gives an indication of above-mentioned qualities.

Data Collection Analysis

- The reasons for students' phone calls were noted on a Google spreadsheet ([Students' Request for Phone Calls](#)) before giving them the permission chit.
- Giving permission to students to make phone calls and data collection was centralized to Class Teacher/Grade Teacher/Vice Principal.
- For the analysis, data from the whole academic year 2076 was used. Their requests for phone call were categorized as 'GENUINE' and 'FORGET'.

Results

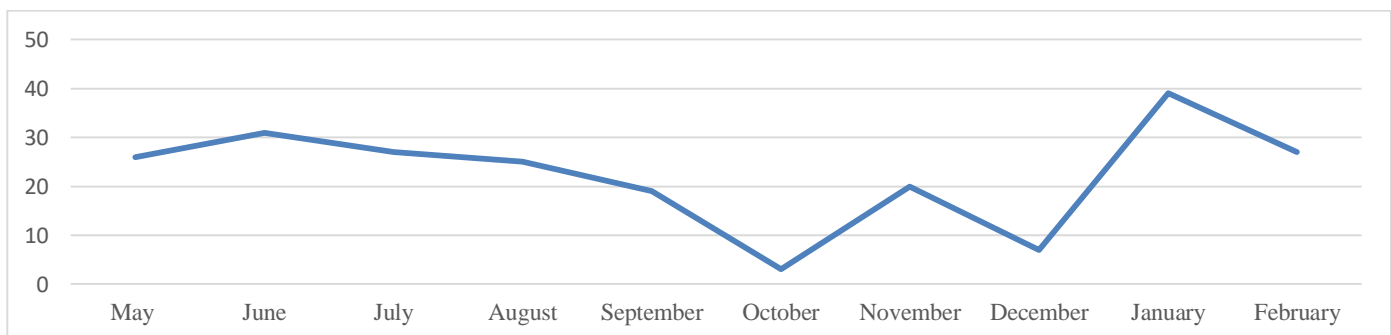

Category of phone call

Out of 222 phone calls made during this academic year, 107/222 (48.19%) were for 'forget' and the rest 115/222 (51.81%) were for 'genuine' reasons.

*[Total possible calls the DSS Grade I-X students can make is [number of students * school days] – [absent days of total students] = [255* 202]-[212] = 51,298. So, annual rate of phone calls from school is 222/51298, i.e. 0.0431%.*

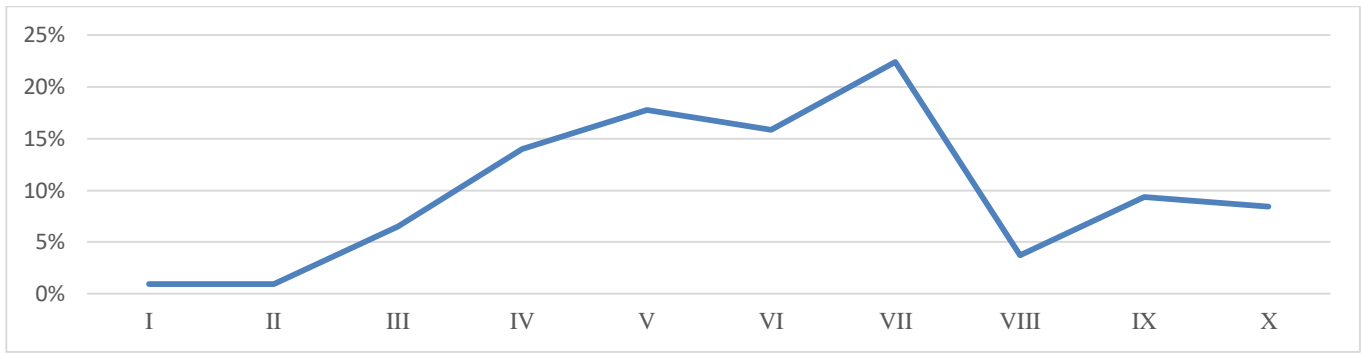

Pattern of calls by months

The scatter diagram below shows the pattern of phone calls by months. More calls were made on May-August and January-February months. This might be due to early months of academic year and/or more school event loads.

Instances of forget calls versus grades

The scatter diagram shows the pattern of forgetfulness. It peaks for Grade IV to VII.

Major forgetting reasons

The table below provides the major reason behind students’ forgetting. Forgetting to bring book/book log and stationery materials combined constitutes the major reason (63/107, 58.58%) for calling the parents from school.

Reason	# Instances
Book/Book Log	34
Stationery (Copy/notebook/diary/Folder/ID card)	29
Event-related	14
Project work	8
Government-related documents	5
Recording	4
